

ActionNCD International

Flagship Initiative of BrightPath Ventures

The Premier Global Implementation Partner for NCD and Public Health

THE GLOBAL CHALLENGE

Noncommunicable diseases (NCDs) account for the majority of premature deaths globally. Despite national strategies and commitments, progress toward SDG 3.4.1 — reducing premature NCD mortality by one-third by 2030 — remains uneven. The challenge is execution at scale.

WHO WE ARE

ActionNCD International is a global health social enterprise implementation support agency under BrightPath Ventures. We partner with governments, institutions, and corporations to accelerate sustainable NCD outcomes. Our commitment: 33x30 — reducing premature NCD mortality by 33% by 2030.

OUR 5Ps ACCELERATION FRAMEWORK

People – Empowered leadership and readiness across the public, PLWNCD, and workers
Power – Aligned political capital, financing, and applied knowledge to drive action
Partners – Coordinated collaboration among policy makers, implementers and funders
Program – Implemented integrated NCD *Best Buys* with best design and practises
Process – Strengthened operational systems across communities, health and multisectors
